

Have a November 1st Deadline?

The Winter Show Season is just around the corner and we invite **YOU** to be proactive along with the **ABGA**. Please remember, if you or members of your family are making plans to show in the major shows in the coming months, the animals that will be exhibited must be in the member(s) name no later than **November 1st**. To assist members from potentially having to pay Rush Fee(s) and/or a Special Mailing Fee, we are requesting that all transfers and new registrations be submitted by **mid October**, allowing for ample processing time prior to the **November 1st** deadline. When submitting work related to the deadline, please include a note informing **ABGA** that it is work to be processed prior to the **November 1st** deadline. **Thank You** for working with us to insure an awesome experience!
